5 years after W.Va. mine blast, safety and explosion issues persist

By Dylan Lovan and John Raby / Associated Press

CHARLESTON, W.Va. — The nation’s worst coal mine disaster in decades exposed lax safety measures at some Appalachian mines, issues that persist five years later despite the crackdown that followed, according to an Associated Press review of federal inspection records.

Excess methane gas and flammable coal dust fueled a fireball that raced through the Upper Big Branch mine in southern West Virginia on April 5, 2010, killing 29 men. The explosion and mass casualties rocked the mining community, which had just recorded its safest year ever in coal mines.

International Nutrition to Pay $78,000 in Omaha Plant Collapse

OMAHA, Neb. — A livestock feed company has agreed to pay $78,000 in penalties related to last year's collapse of International Nutrition's Omaha plant that killed two workers.

The Labor Department's Occupational Health and Safety Administration announced the settlement Wednesday. Originally, regulators had sought nearly $121,000 in penalties.

USMWF WMD 2014; Song by: Dani and Lizzy, Dancing in the Sky.

16 Deaths Per Day by brave new foundation on Nov 6, 2009. Help protect America’s workers. Sixteen workers are killed a day in the United States because of reckless negligence on the part of their employers. Under existing laws, these employers get a slap on the wrist, or walk away scot-free. Meanwhile, workers who blow the whistle face threats and retaliation at the workplace.

OKLAHOMA:
Please join us as we remember those lost to work-related accidents on Tuesday, April 28, at 7:30pm at the 4th Floor Rotunda,
Oklahoma State Capitol, 2300 N. Lincoln, OKC, OK 73105.

Tonya Ford, Deputy Director & Secretary (Lincoln, NE)

Tonya became an active member and advocate for workplace safety after the death of her Uncle Bobby (Robert Fitch) in January 2009 and was appointed USMWF’s Deputy Director in February of 2015.

Uncle Bobby fell 80ft off of a belt-operated man-lift in a local Archer Daniel Midland Plant (ADM) that he had worked at for over 30 years. His brother in-law found him that day and stayed by his side while the paramedics did everything they could do to help him however, Uncle Bobby could not be revived at the scene and was pronounced dead a few minutes later at the near by hospital.

Read more about Robert Fitch and more about Tonya’s work here including Worker Memorial Day events for Nebraska families.
